

MOHAMED DHOBIK

.NET Full Stack Developer

Chennai, India | +91 8248193305 | mohameddhobik@gmail.com
Notice Period: 1 Month | Ready to Relocate: Yes | Nationality: Indian

PROFESSIONAL SUMMARY

.NET Full Stack Developer with 3+ years of experience building scalable enterprise applications using ASP.NET Core, Blazor, .NET MAUI, SignalR, and SQL Server. Skilled in developing RESTful APIs, cross-platform mobile applications, secure backend systems, and role-based enterprise solutions. Experienced in backend optimization, AES-256 encryption, MVVM architecture, and real-time communication systems.

TECHNICAL SKILLS

- **Languages:** C#, SQL, HTML, CSS, JavaScript
- **Frameworks:** ASP.NET Core, Blazor, .NET MAUI, Razor Components, SignalR, Entity Framework Core
- **Architecture:** RESTful APIs, MVVM, Microservices, Dependency Injection
- **Database:** SQL Server
- **Tools:** GitHub, Swagger, NuGet Package Manager, Visual Studio
- **Concepts:** JWT Authentication, LINQ, API Integration, AES-256 Encryption

PROFESSIONAL EXPERIENCE

APM Group Private Limited – Chennai, India

Engineer | June 2022 – Present

- Developed scalable Blazor Server applications using reusable Razor Components and shared services.
- Built Android mobile applications using .NET MAUI Hybrid (Blazor WebView) with MVVM architecture.
- Developed enterprise CRUD applications for classified data management with multi-role access control.
- Improved database retrieval performance by 30% using optimized SQL queries and backend enhancements.
- Designed and developed RESTful APIs using ASP.NET Core, Entity Framework Core, and SQL Server.
- Implemented SignalR-based real-time communication modules for live updates and notifications.

- Implemented AES-256 encryption and enhanced application security, reducing vulnerabilities by 90%.
- Worked on responsive UI development using HTML, CSS, JavaScript, and Blazor components.
- Participated in HLD/LLD design discussions and followed clean architecture and design pattern practices.

APM Group Private Limited – Chennai, India

Graduate Engineer Trainee | Jan 2022 – June 2022

- Assisted in backend feature development using ASP.NET Core and SQL Server.
- Conducted debugging, testing, and logical issue resolution for critical applications.
- Collaborated with senior developers in designing scalable software modules.
- Supported early-stage testing and troubleshooting during module development.

EDUCATION

Bachelor of Engineering – Mechanical Engineering

Nellai College of Engineering | Tirunelveli, India | 2017 – 2021

GPA: 7.36 / 10
